www.linkedin.com/in/muhammad-zohaib-00274a36b/ 

A dedicated Computer Science graduate with 1 year experience in full stack web development. Proficient in HTML, CSS, JavaScript, C++, PHP, Laravel, and MySQL. Passionate about building efficient, user-friendly digital solutions. Seeking an international role to contribute technical expertise and grow professionally in a dynamic environment.

Experience

March 2026 – Present **Full Stack Developer,** AL-Shifa Innovation, Narowal

- Engineered full-stack web applications for real-world clients, following clean architecture principles to ensure scalable and maintainable codebases
- Designed and implemented pixel-perfect, responsive front-end UIs and seamlessly integrated RESTful back-end APIs for dynamic data handling
- Contributed to agile development workflows, conducting code reviews and maintaining version control via Git and GitHub for smooth team collaboration

August 2025 – March 2026 **Web Development Trainee,** Exelance Delivered

- Completed an intensive 6-month advanced web development program, gaining hands-on expertise in building production-grade web applications
- Developed and deployed multiple responsive websites using HTML5, CSS3, and JavaScript, achieving consistent cross-browser and cross-device compatibility
- Mastered industry best practices in web performance optimization, SEO fundamentals, and accessibility standards to deliver high-quality user experiences

Projects

Pharmacy Management System, University Final Project

- Built a complete pharmacy management system to automate inventory, billing, and reporting
- Designed front-end UI using HTML5, CSS3, and JavaScript for ease of use by pharmacy staff
- Delivered the full solution within an 8-week timeline with user training documentation
- Resulted in improved patient safety, reduced costs, and streamlined daily operations

Qamar Trader – Business Management System, AL-Shifa Innovation

Technologies: PHP, Laravel, MySQL, JavaScript, HTML5, CSS3

- Built a full-featured business management system for a retail trader covering customers, suppliers, stock, sales, purchases, and expenses
- Developed an interactive dashboard with real-time statistics (27 customers, 9 suppliers, 187 products), daily sales and purchase charts, and low-stock alerts
- Designed invoice and payment tracking module with full ledger — total transaction, total paid, and total due — for both customers and suppliers
- Implemented a normalized MySQL database schema with 15+ tables including invoice, sell_payment, purchase_return, and stock management

Personal Portfolio Website, Deployed — Vercel (github.com/zohaib903)

Technologies: HTML5, CSS3, JavaScript

- Designed and developed a professional dark-themed personal portfolio with animated starfield hero, skills section, projects showcase, and contact form
- Deployed live on Vercel via GitHub CI/CD pipeline; built with Vite for fast production builds and optimized performance

Moxa – Creative Designer Website

Technologies: HTML5, CSS3, JavaScript

- Designed a modern, minimalist creative portfolio website featuring a bold typographic hero section, animated marquee ticker, and clean two-column layout
- Implemented a scrolling skill-tag marquee strip with CSS animation and fully responsive navigation with a “let’s talk” CTA button
- Focused on strong visual hierarchy, custom typography, and consistent brand identity with a red-and-black geometric accent system

Just Chat – Conference Call

Technologies: HTML5, CSS3, JavaScript

- Designed a visually engaging teal hero layout with overlapping profile image cards and floating chat bubble elements to illustrate the product concept
- Implemented fully responsive layout optimized for desktop and mobile with clean typography and strong visual contrast

Other Projects

- Student Management System — Laravel CRUD app with course-tagged student records, search functionality, and full action controls (View / Edit / Delete)

Skills

- **Front-End:** HTML5, CSS3, JavaScript Bootstraps, Responsive Design
- **Back-End** PHP, Laravel Framework, MySQL, MVC Architecture, CRUD Operations, REST APIs Integration, Third-Party APIs Integration
- **Database:** MySQL, phpMyAdmin (schema design, queries, relational data modelin)
- **Tools:** Git, GitHub , VS Code, Vercel, phpMyAdmin, Microsoft Office (Word, Excel, Access)

EDUCATION

2021 – 2025	Bachelor of Science in Computer Science & IT (BSCS&IT) University of Narowal CGPA: 2.96 / 4.0
2019 – 2021	Intermediate (FSc / ICS) Gujranwala Board Grade: B
2016 – 2018	Matriculation (SSC) Gujranwala Board Grade: A
